

# Slide Out Inspection System

**Portability**

**Flexibility**

**Affordability**

## THE COBRA SOLUTION

- Customize features to meet your specific requirements
- Maximize productivity of your inspection equipment
- Increase your pipeline inspection capabilities
- Exploit the earnings potential of your inspection investment

## GENERAL FEATURES

- Designed to slide in any vehicle with a cargo space of 80"x48", the system is pallet mounted and inverter powered
- Slides out easily for trouble-free removal from vehicle to storage when not in use
- Weather-resistant control console incorporates a Sunlight-Readable CobraTouch™ Data Logger
- Designed to prevent cable overruns, the reel is provided with a power level wind, electric re-wind motor and an air-operated positive engagement clutch eliminating any slippage
- Reel designed with the flexibility to be used with any of our conventional vehicle mounted systems or our other specialty systems
- All the functionality of a Mainline System with the durability and flexibility required by the demanding User
- Made to fit several types of vehicles: SUV, pick-up truck, van, box truck, anything with a large flat space!
- Up to 1,000 feet of Cobra Video Cable can be supplied with the system

All Specifications subject to change.
